

Work Shop on Generative Artificial Intelligence

Department of Computer Science

Date :16-09-2025

Strydo Technologies, Vellore, conducted a hands-on workshop at S.V. Arts College (Autonomous), TTD, Tirupati, on the use of Google Colab and training a small GPT model.

The session included:

Introduction to Google Colab and its applications in AI/ML projects.

Practical training on building a small GPT model.

Guidance on uploading and analyzing health-related PDF files for text Extraction.

Students actively participated, gained practical exposure to AI tools, and improved their understanding of machine learning concepts. The workshop ended with a Q&A session, where students clarified their doubts and discussed applications of AI in health data analysis and research.
